Waikato Plan Change One  
Block 3

  
CNI Iwi Holdings Limited

## PC1 Plan architecture

- Action now via Farm Plans
- Gather information for allocation
- Constraints on land use intensification for a fixed term = to June 2026
- Allocation Principles - natural capital
- Policy supporting Māori and Settlement Land use – Policy 16, referring to Policy 7

## PC1 Plan s42A recommendation

- Action now via Farm Plans
- ~~➤ Gather information for allocation~~
- ~~➤ Constraints on land use intensification for a fixed term = to June 2026~~
- ~~➤ Allocation Principles – natural capital~~
- Policy supporting Māori and Settlement Land use – Policy 16, referring to Policy 7

Date: 03-06-2015

# PC1 direction is wrongly

- Fixing on current Nitrogen loss rates (NRP). Grandparenting.
- Giving no direction on how Nitrogen will be allocated in the future,
- Giving no guidance on the nature of allocation and
- no longer setting a formal expectation of a transition to an equitable N loss allocation system in the future.
