IN ACCORDANCE WITH SCHEDULE 1 OF THE RESOURCE MANAGEMENT ACT:

I am:

- A person representing a relevant aspect of the public interest.
In this case, also specify the grounds for saying that you come within this category; or
- A person who has an interest in the proposal that is greater than the interest the general public has.
In this case, also explain the grounds for saying that you come within this category; or
- The local authority for the relevant area.

My reasons are (i.e. grounds for selection above):

Timberlands has an interest in the proposal that is greater than the interest the general public as Timberlands manages a forest estate of approximately 34,000 Ha in the Waikato River catchment.

Timberlands made submissions on Plan Change 1.

Timberlands considers that this method is to gather information and scientific research necessary to inform any future plan. It is not necessary for the method to be extended to point source discharges, which are already authorised through resource consents and conditions. It is also important the method remains directed toward property or enterprise level diffuse discharges, where the contaminant discharge originates, as well as categorising and defining 'land suitability'. The Method should therefore be retained as notified.
