Hello Keita and thank you for your email.

After discussion, the changes requested are as follows -

Zero pollutant and negative influences from roading, rail, including micro-particle pollution, and noise and vibration of land and waterways.

Zero pollutants and negative influences from power lines (including high tension power lines) of electro magnetic fields and radiation.

I trust you are able to insert this into the submission. Many thanks.

Hi Mark

Thank you for your submission, however, I note that there are no decisions sought recorded on page four – ie you have not stated any changes you would like the council to make on any provisions of Variation 1 to Proposed Plan Change 1. Is this correct?

Kind regards

Keita
